ABOUT ME

The curiosity of how web applications work,stirred up in me an unquenchable Passion to not only gain knowledge but to part of one the largest Creativity space in the world which brings about solving the problems of Society today,this is why i am passionate on learning continuously about design,javascript, React and everything regarding web development .

SKILLS

HTML/CSS3/Sass/Javascript/ React /Git /Npm /Bootstrap / Figma

EXPERIENCE(PROJECTS)

Cinema web App
Javascript Developer
https://lori-alfred.github.io/crowncinema/
- Through the use of TMDB API ,developed a web app that allows you to book for the latest movies in theaters and also allows you to select the seat of your choice before arrival to watch movies, achieved through javascript.

Music Player App
Javascript Developer
https://musicplayercrown.netlify.app/
- Built a simple elegant music player which allows you to play music seamlessly and also change between darkmode and light mode, through the use of HTML, CSS and Javascript.

Fettle Fitness
https://fettle.netlify.app/
- In a busy world where becoming fit is quite important but there is little or no time to go ,Developed fettle fitness website allows you to hire gym equipment to your home for as long as needed achieved through HTML, CSS.
